## Uploading and Downloading Files to and from Quantum ANZ Secure Cloud using S3 Browser

- How to upload files and folders to Quantum ANZ Secure Cloud
- How to download files and folders from Quantum ANZ Secure Cloud
- How to download Quantum ANZ Secure Cloud S3 Bucket entirely
- How to increase uploading and downloading speed.

#### How to Upload Files and Folders to Quantum ANZ Secure Cloud

#### To upload your files to Quantum ANZ Secure Cloud:

1. Start the S3 Browser and select the bucket you plan to use as a destination. You may also create a new S3 Bucket if necessary.

Select the bucket that you plan to use as a destination.

You may also create and open the subfolder to upload your files in a specific folder.

2. Click:

- Files, Upload file(s) to upload one or multiple files
- Files, Upload folder(s) to upload one or multiple folders.
